12 REMEDIES

12.1 In case of breach of any warranty under Clause 11 (Warranty) during the warranty period in 11.2, or if Supplier otherwise fails to comply with any of the terms of the Contract, Customer shall give notice in writing to Supplier of such breach and provide Supplier an opportunity to remedy it. If Supplier has not successfully remedied such breach within four (4) weeks of receiving such Customer notification or within such other remedy period agreed in writing between the Parties, Customer shall be entitled to any one or more of the following remedies at its own discretion

and at Supplier's expense and risk, including costs for transport and disassembly/removal and reinstallation:

12.1.2 to obtain prompt repair or replacement of the defective Goods by Goods conforming with the Contract without defects;

12.1.3 to claim such damages as may have been sustained by Customer as a result of Supplier's breaches of the Contract.

12.2 If a defect becomes apparent during the warranty period for the most recently delivered Goods and all Goods delivered pursuant to the Contract are deemed to suffer from such defect, the Supplier shall remedy the defect in all Goods, including Goods for which the warranty period has expired.

12.3 In the event that Clauses 12.1.1, **Error! Reference source not found.** or 12.2 apply, the entire warranty period of Clause 11.2 shall be restarted.

12.4 The rights and remedies available to Customer and contained in the Contract are cumulative and are not exclusive of any rights or remedies available at law.

13 INTELLECTUAL PROPERTY RIGHT

13.1 Supplier hereby grants Customer, or undertakes to procure that Customer is granted, a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty free licence to use the Intellectual Property Rights in the Goods, including Embedded Software, if any.

13.2 In the event the Embedded Software contains or uses Open Source Software, Supplier must specify and inform Customer in writing and prior to Delivery about all Open Source Software implemented into or used by the Embedded Software. In the event that Customer does not approve any Open Source Software components contained in or used by the Embedded Software, Supplier agrees to replace or substitute at its own cost the affected Open Source Software component(s) contained in or used by the

Embedded Software with software of at least the same quality and functionality and which is accepted by Customer.

13.3 In the event that the Goods (and/or the Embedded Software) delivered infringe any third-party Intellectual Property Rights, Supplier shall, notwithstanding anything provided to the contrary or otherwise contained in the Contract, provide IPR Indemnification to Customer. The IPR Indemnification does not limit any further compensation rights of Customer. Supplier's obligation to indemnify Customer as provided under this Clause 13 shall not apply if and to the extent the liability or damage was caused by Customer's own pre-existing Intellectual Property Rights contributed to, or implemented into the Goods.

13.4 If any infringement claim is made against Customer, Supplier shall at its cost (i) procure for Customer the right to continue using the Goods; (ii) modify the Goods so that they cease to be infringing; or (iii) replace the Goods so that they become non infringing.

13.5 In the event Supplier cannot fulfil the measures requested by Customer under Clause 13.4, Customer shall be entitled to terminate the Contract and to reclaim all sums which Customer has paid to Supplier thereunder. In any event, Customer may claim compensation in accordance with Clause 13.3 for any costs, losses or damages incurred whatsoever.

14 LIABILITY AND INDEMNITY

14.1 Without prejudice to applicable mandatory law, Supplier shall compensate/indemnify Customer for/from all damages and losses in connection with the Goods (i) for Supplier's breaches of the Contract and (ii) for any claim made by a third party (including employees of Supplier) against Customer in connection with the Goods, except for IPR Indemnification for which Clause 13 (Intellectual Property) exclusively applies, and in all cases to the extent that the respective liability, loss, damage, injury, cost or expense was caused by, relates to or arises from the Goods provided by Supplier and/or its subcontractors. Upon Customer's request

Supplier shall defend Customer against any third-party claims.

14.2 Supplier shall be responsible for the control and management of all of its employees, its suppliers and/or subcontractors, and it shall be responsible for the acts, defaults, negligence or obligations of any of its employees, suppliers and/or subcontractors, its agents, servants or workmen as fully as if they were the acts, defaults, negligence or obligations of Supplier. The provisions of this Clause 14 shall survive any performance, acceptance or payment pursuant to the Contract and shall extend to any substituted or replacement Goods provided by Supplier to Customer.

14.3 Supplier shall maintain in force, and upon request provide evidence of, adequate liability insurance and statutory worker's compensation/employer's insurance with reputable and financially sound insurers. Nothing contained in this Clause 14 shall relieve Supplier from any of its contractual or other legal liabilities. The insured amount cannot be considered nor construed as limitation of liability.

14.4 Customer reserves the right to set off any claims under a Contract against any amounts owed to Supplier.

14.5 Each Party's liability for damages shall be limited to 100 % of the price of the Contract. This limitation of liability does not apply in case damage has been caused by wilful misconduct or by gross negligence.

15 LIMITATION OF LOSS OR DAMAGE

15.1 Any Party claiming breach of contract shall take all measures necessary to limit the loss or damage arising in so far as this is possible without incurring unreasonable expense and inconvenience.

16 COMPLIANCE, INTEGRITY

16.1 Supplier shall provide the Goods in compliance with all relevant legislation, laws, rules, regulations, and codes of practice, guidance and other requirements of any relevant government or governmental agency. To the extent that such regulations are advisory rather than mandatory, the

standard of compliance to be achieved by Supplier shall be in compliance with the generally accepted best practice of the relevant industry.

16.2 Any statement made by Supplier to Customer (whether directly or indirectly) with regard to materials used for or in connection with the Goods will be deemed to be a representation under the Contract.

16.3 Supplier represents and warrants that it is knowledgeable with, and is and will remain in full compliance with all applicable trade and customs laws, regulations, instructions, and policies, including, but not limited to, securing all necessary clearance requirements, proofs of origin, export and import licenses.

16.4 No material or equipment included in or used for the Goods shall originate from any company or country listed in any relevant embargo issued by the authority in the country where the Goods shall be used or an authority otherwise having influence over the equipment and material forming part of the Goods. If any of the Goods are or will be subject to export restrictions, it is Supplier's responsibility to promptly inform Customer in writing of the particulars of such restrictions.

16.5 Both Parties warrant that each will not, directly or indirectly, and that each has no knowledge that the other Party or any third parties will, directly or indirectly, make any payment, gift or other commitment to its customers, to government officials or to agents, directors and employees of each Party, or any other party in a manner contrary to applicable laws, and shall comply with all relevant laws, regulations, ordinances and rules regarding bribery and corruption. Nothing in the Contract shall render either Party or any of its Affiliates liable to reimburse the other for any such consideration given or promised.

16.6 Any violation of an obligation contained in this Clause 15 shall be a material breach of the Contract. Either Party's material breach shall entitle the other Party to terminate the Contract with immediate effect and without prejudice to any further right or remedies under such Contract or applicable law.

16.7 Notwithstanding anything to the contrary contained in the Contract, Supplier shall, without any limitations, indemnify and hold harmless Customer from and against any liabilities, claim, proceeding, action, fine, loss, cost or damages arising out of or relating to any such violation of the above-mentioned obligations and the termination of the Contract, or arising from export restrictions concealed by Supplier. With respect to export restrictions solely attributable to Customer's use of the Goods, the now said commitment shall only apply to the extent Supplier has knowledge of or reasonably should have been aware of such use.

17 TERM

17.1 Each Order and/or Contract is valid until all Goods under such Order and/or Contract have been delivered and accepted.

18 TERMINATION

18.1 A Contract between the Parties may be terminated for convenience in whole or in part by Customer upon giving three (3) months written notice. In such event Customer shall pay to Supplier the value of the already delivered but unpaid parts of the Goods provided and proven direct costs reasonably incurred by Supplier for the not yet provided and unpaid Goods, however in no event more than the agreed price for the Goods under the respective Contract. No further compensation shall be due to Supplier.

18.2 Each Party may terminate the Contract with immediate effect upon written notice to the other Party if any of the following events occurs on the part of the other Party:

18.2.1 if the properties and/or rights of a Party are subjected to attachment, provisional attachment, petition for auction, foreclosure, attachment resulting from delinquency in the payment of public charges or any remainder thereof, or any other similar proceeding;

18.2.2 insolvency or petition to commence the procedure for bankruptcy, civil rehabilitation, corporate reorganization, corporate rehabilitation, or any other similar procedure;

18.3 Either Party may terminate the Contract with immediate effect upon written notice to the other Party if any one of the following events occurs:

18.3.1 if the other Party is in material or recurring breach of the Contract and, in the case of a breach capable of remedy within thirty (30) days, the breach is not remedied within thirty (30) days of the other Party receiving notice specifying the breach and requiring its remedy; or

18.3.2 any act of disloyalty or misconduct by the other Party, such as infringement of the rights of the first Party.

18.4 Termination of the Contract shall not preclude the terminating Party from claiming damages against the other for breach of the Contract.

19 FORCE MAJEURE

19.1 Neither Party shall be liable for any delay in performing or for failure to perform its obligations under a Contract if the delay or failure results from an event of Force Majeure. For clarification, "**Force Majeure**" means an event that was not foreseeable by the affected Party at the time of execution of the respective Contract, is unavoidable and outside the reasonable control of the affected Party, and for which the affected Party is not responsible, provided such event prevents the affected Party from performing its obligations under the respective Contract despite all reasonable efforts, and the affected Party provides notice to the other Party within five (5) calendar days from occurrence of the respective event of Force Majeure.

19.2 If an event of Force Majeure occurs which exceeds thirty (30) calendar days, either Party shall have the right to terminate the relevant Contract forthwith by written notice to the other Party without liability to the other Party. Each Party shall use its reasonable endeavours to minimise the effects of any event of Force Majeure.

20 NOTICES

20.1 Any notice shall be given by sending the same by registered mail, courier or by e-mail to the address of the relevant Party as stated in the Contract or to such other address as such Party may have notified in writing to the other for such purposes.

21 ASSIGNMENT AND SUB-CONTRACTING

21.1 Party shall neither assign, nor subcontract, transfer, nor encumber the Contract, nor any parts thereof without prior written approval of the other Party.

21.2 Party may at any time assign, transfer, encumber, subcontract or deal in any other manner with all or any of its rights under the Contract to any of its own Affiliates.

22 WAIVERS

22.1 Failure to enforce or exercise, at any time or for any period, any term of the Contract does not constitute, and shall not be construed as, a waiver of such term and shall not affect the right later to enforce such term or any other term herein contained.

23 ENTIRE AGREEMENT

23.1 The Contract constitutes the entire agreement and understanding between the Parties and replaces any prior agreement, understanding or arrangement between the Parties with regard to its subject, whether oral or in writing.

24 RELATIONSHIP OF PARTIES

24.1 The relationship of the Parties is that of independent parties dealing at arm's length and nothing in the Contract shall be construed to constitute Supplier as an agent or employee of Customer or so as to have any kind of partnership with Customer, and Supplier is not authorised to represent Customer as such.

24.2 It is expressly agreed that the Contract does not imply any employment relationship between Customer and Supplier, or between Customer and Supplier's employees assigned to the execution of the Contract. Customer shall remain free of any direct or indirect responsibility or liability for labour, social security or taxes with respect to

Supplier and its employees assigned to the provision of the Goods under the Contract.

25 SURVIVAL

25.1 Provisions of the Exensor GTC which either are expressed to survive its termination or from their nature or context it is contemplated that they are to survive such termination shall remain in full force and effect notwithstanding such termination.

25.2 The obligations set forth in Clauses 11 (Warranty), 12 (Remedies), 13 (Intellectual Property), 10 (Confidentiality, Data Security, Data Protection), 14 (Liability and Indemnity) and 26 (Governing Law and Dispute Resolution) shall survive termination.

26 GOVERNING LAW AND DISPUTE RESOLUTION

26.1 The Contract, including, but not limited to the Exensor GTC, shall be governed by and construed in accordance with Swedish law, however under exclusion of its conflict of law rules and the United Nations Convention on International Sale of Goods.

26.2 Any dispute, controversy or claim arising out of or in connection with this contract, or the breach, termination or invalidity thereof, shall be finally settled by arbitration administered by the Arbitration Institute of the Stockholm Chamber of Commerce (the "SCC"). The Rules for Expedited Arbitrations shall apply, unless the SCC in its discretion determines, taking into account the complexity of the case, the amount in dispute and other circumstances, that the Arbitration Rules shall apply. In the latter case, the SCC shall also decide whether the Arbitral Tribunal shall be composed of one or three arbitrators. The seat of arbitration shall be Malmö, Sweden.

26.3 In case of any dispute, the defeated Party shall reimburse the succeeding Party for attorney's fees and other costs reasonably incurred in connection with the dispute.
